Intake Year Levels

Casey Grammar School's current intake years are **Prep** and **Year 7**.

Are applications considered for other year levels?

Please contact the Enrolment Officer to inquire about vacancies before submitting an Expression of Interest if the following applies to you:

- you are seeking enrolment for the current year
- your application is outside the intake levels of Prep & Year 7

If a year level is at capacity, your application will be placed on a holding list. If this is the case please be aware we cannot guarantee a place for your child, you will need to find an alternative option. If a vacancy does not become available in the requested year level, your child's name will roll across to each successive years holding list.

When should I submit an Expression of Interest?

Enrolment demands exceed places available. We encourage prospective families to submit an Expression of Interest as soon as you know Casey Grammar is your school of choice, Expressions of Interest are accepted from birth.

How likely is it that my child will be offered a place?

We are not able to predict whether your child will be offered a place. Enrolment is subject to availability, assessment, a satisfactory interview, capacity to provide an appropriate program for the proposed student, and acceptance of the School's Terms of Enrolment. At all times, the Principal, will have the authority to use discretion in the final enrolment offers.

Does Casey Grammar School have enrolment priorities?

At the discretion of the Principal, applications may be given preference after taking into account the following factors, siblings of current students, Children of staff members and children of former students who completed their education at Casey Grammar School.
